

Members of the Greater Binghamton Chapter,

I am sending this email as a thank you to all of you for choosing me as a scholarship recipient this year. It is an honor to have my academics and extracurricular activities recognized by alumni of the university. You all have no idea how much this scholarship is going to help me succeed in life, whether it be at Penn State or in pursuit of getting into medical school. I truly cannot thank you enough for all of your efforts to raise money to help students, like me, achieve their goals.

Sincerely,

Ashlee Fisher
